What will we do with a drunken whaler? x3
early in the morning
Weigh heigh and up she rises x3
early in the morning
Stuff him in a sack and throw him over x3
early in the morning
Feed him to the hungry rats for dinner x3
early in the morning
Weigh heigh and up she rises x3
early in the morning
shoot him through the heart with a loaded pistol x3
early in the morning
Slice his throat with a rusty cleaver x3
early in the morning
Weigh heigh and up she rises x3
