"Glory To You"

Visit "[Glory To You](#)" on MotoLyrics.com

I'd still be lost if You had not found me
When You did
I couldn't see through the darkness around me
But You did

You gave Your Son - Your only one, only one
For a castaway, a runaway like me
You changed my name "I'm not the same, not
the same
Listen as I sing, all glory to You
Glory to You

I'd still be blind if You had not shown me
What You did
Bearing my burdens, shouldering my shame
Like You did

I will tell of my devotion to You
For it's what I was created to do
