Say that I'm changed, say I'm different
Maybe I'll finally understand
Say I'll let go, say it's obvious
Oh, I tell myself over, over and over again

I'm ready, I'm ready
I'm ready to believe

So tell me I'm strong, tell me I'm weak
Tell me I'll never, ever bend
Then tell me I'm fire, tell me I'm cold
Cold oh, I tell myself over, over and over again

I'm ready, I'm ready
I'm ready to believe

And all the world can watch the choices you make
All the world can watch each tiny mistake
Let the world watch to let the world wait for you

So tell me I'm wrong, or tell me I'm cruel
Tell me I'd fight, yeah tell me I fought for the wrong things

But I'm ready, I'm ready
I'm ready to believe
I'm ready, I'm ready
I'm ready to believe
