She's such a mystery, he will never know  
And waiting for her now is his only goal  
Hey sweetie, between you and me  
This accident was meant to be

Screaming from the clouds she'll hear  
I no longer have death to fear  
Just know you were my treasure  
And I would wait forever  
(Whoa)

She's such a mystery, he will never know  
And waiting for her now is his only goal  
Hey sweetie, between you and me  
This accident was meant to be

Well she's writing it all down  
And she buries it deep inside  
She cries when no one's around  
Because she watched him drown that night

The scene behind me  
Beauty, I couldn't see  
I wish I could've seen what took my life from me  
Took my life from me  
Took my life from me

Well she's writing it all down  
And she buries it deep inside  
She cries when no one's around  
Because she watched him drown that night

Well she's writing it all down  
In that journal she likes to hide  
She wears only tears and frowns  
'Cuz she had to watch him die
