So I'm sitting in this corner
With my head against the wall
And I'm praying for a miracle
For me to stand up tall
And I'm losing everything
My pride, my strength, my dreams
One thing that keeps me striving
Is that you've been there for me

And I'll be there for you
Because you're always there for me
And I've seen my future
And without you, the world seems empty

So I'll sit in this corner
With just these six strings
A pick, and a voice
So I can sing my feelings
And this hurt that's in my heart
It kills me like a disease
My bones are aching
I can't keep escaping
So just kill me

And I'll be there for you
Because you're always there for me
And I've seen my future
And without you, the world seems empty
