Who am I
I'm the man you've never wanted
In your eyes
I see you'll never forget this
I have lied to you a million times
But I feel so different so please just listen
I have a vision and I feel so different tonight

I find myself standing here
With nothing but pain and fear
But I can't begin to go on
Knowing that what I've done is wrong

In this life
That curses me every day
Know that I
Care even though it seems that
I do not
But I will prove it this time
I feel so different so please just listen
I have a vision and I feel so different tonight

I find myself standing here
With nothing but pain and fear
But I can't begin to go on
Knowing that what I've done is wrong

Who am I... in your eyes?
In this life, who am I?
