So tell me something real  
cause I am starting not to feel  
and this time you can't help me  
Even though I can still breathe  
without love breathing  
is just a clock ticking

so tell me what you'd think if I decided to stay x2  
well i'm not, not today

nothing you could say can turn this gray our way

please tell me that we don't have to go through all of  
this  
because I hate it  
just tell me that your leaving so I can stop believing  
everyword you say to me

Just tell me that you're gone  
and tell me that you won't be here when i get home  
Be gone  
and tell me that you won't be here because i dont want  
you waiting  
for me
