No, I don't deserve you in any way  
But I'm offering to be your slave  
Just tell me what to do  
Just tell me what to say  
And your lips are off-limits girl  
And I've got your tummy in a whirl  
I hate, I hate  
Got a smile you have to fake

And I'm so tired of hurting you  
I can't understand how I always make you feel this way  
Ohh, and I'm a failure  
But I'm winning this battle over myself  
Finally  
Finally

Please, don't say that it is true  
Although your eyes are pretty and blue  
I can't look at them every day  
Knowing you don't wanna be with me  
So just give me a second chance  
One last chance to prove I can  
Now watch your footwork, we're gonna dance

I'm so tired of hurting you  
I can't understand how I always make you feel this way  
Ohh, and I'm a failure  
But I'm winning this battle over myself  
Finally

And I will fight the greatest battle that was ever told  
And in this castle, there's a man that even brick walls  
can't hold  
If you think  
That a few chain links can hold me  
Well here's my chance  
There can only be one romance

And I'm so tired of hurting you  
I can't understand how I always make you feel this way  
Ohh, and I'm a failure  
But I'm winning this battle over myself

Finally  
Finally
