"Fantasy Spaceship"

Take a trip in a fantasy spaceship,
In a ship designed for a space trip!
See the stars - see the moon hang up-side down... (x2)

From me to you especially with all my love and care
For you - and it can take you anywhere you like to go
For fun from me to you.

If you're sad and blue, here's a ticket to the moon

Take a trip in a fantasy spaceship,
In a ship designed for a space trip!
See the stars - see the moon hang up-side down... (x2)

Say hello from me to E.T. - he's my friend like you
You know he'll show you around the universe
A place to go for fun from me to you.

If you're sad and blue here's a ticket to the moon!
(Yeaahh)

Take a trip in a fantasy spaceship,
In a ship designed for a space trip!
See the stars - see the moon hang up-side down... (x2)

Wow! Is that mars?
I think so!
Is that a shooting star?
No, it's an alien ship!
(*scream*)

Ready for fast speed? Here we go!

Take a trip in a fantasy spaceship,
In a ship designed for a space trip!
See the stars - see the moon hang up-side down... (x2)

Take a trip!
