Iâ€™m not sure if I love you
But every time you say weâ€™re through
I feel the pain and tear drops fall like rain

When youâ€™re around
I never know how I feel but when you go
I feel the pain and tear drops fall like rain

Time for me to make my decision
You can help me decide
Wish you knew what Iâ€™ve been through
And all those teardrops Iâ€™ve dried (Cried?)

Let me know if you love me
Thatâ€™s the way itâ€™s got to be
Canâ€™t stand the pain and tears that fall like rain

Time for me to make my decision
You can help me decide
Wish you knew what Iâ€™ve been through
And all those teardrops Iâ€™ve dried (Cried?)

Let me know if you love me
Thatâ€™s the way itâ€™s got to be
Canâ€™t stand the pain and tears that fall like rain
