hanging over my head my head  
problem after problem  
when the problem love that  
it's hard to get to the bottle  
she said lay it low boy  
no one take it slow boy  
way up and shore this we're driften the way  
be easy i know this world freezin  
my love keeps you breathin and you know what i'm  
sayin

Chorus:

one thing thing thing thing thing  
when she comes around i can feel no pain  
one thing thing thing thing thing  
and if you ever meet her then you know what i'm sayin

i could feel the answers when i'm laying in the arm  
she led my whole life and when she touch my palm  
she say lay it low boy  
no one take it slow boy  
way up and shore this we're driften the way  
be easy i knwo this world freezin  
my love keeps you breathing and you know what i'm  
sayin

[Chorus:]

so i really need you girl  
come into my world  
let me off let me off let me off  
every time we get close i can let it all go  
let me off let me off let me off  
take em higher girl  
uh take me higher,  
'cause everything that you do makes me fall in love  
with you  
let me off let me off let me off

so i'm on fire  
i'm deniable girl

never ever let you go  
for the first time girl i'm knocked inside  
and girl never let you go  
drawing my line in the sand this time  
you know you're my .. got me feelin so fine

[Chorus:]

so i really need you girl  
come into my world  
when she comes around i can feel no pain  
every time we get close i can let it all ..  
if you ever meet her you knw you insane
