She will only stay if you let her fly away

Once a caterpillar, now a butterfly
I've seen her fly fly fly fly
With them wings she's so fine
I've seen her fly fly fly fly
Everywhere we goes people stop and look
They love the girl, man she looking so fly

When the broken wings got clipped she learns to fly
again
She's so fly
She's so fly
She's so fly
She's so fly
When the broken wings got clipped she learns to fly
again
She's so fly

She's the perfect 10
Maybe up to 11
Look closer, shoes so new
Like the mattress of a movie scene
She knows she's the star
She's so fly
We'll undo it and it'll make a bum
When she smile just turn me on
Like the worst in my favorite love song
She's something like a phenomenon
She's so fly

She said I never kissed a stranger
I said I never kissed an angel
I got this feeling that I wanna share
You're the only one that can take me there

Once a caterpillar, now a butterfly
I've seen her fly fly fly fly
With them wings she's so fine
I've seen her fly fly fly fly
Everywhere we goes people stop and look

They love the girl, man she looking so fly

When the broken wings got clipped she learns to fly
again

She's so fly

She's so fly

She's so fly

She's so fly

She will only stay if you let her fly away

She's so fly

She's so fly

She's got me dancing stupid

Guess all my words are useless

She knows just how to use it

Shakes her hips, get sushi choose it

And I hope it's me

Girl you are all I see

The way you move in front of me

She's so fly

So set your body free

And girl come close to me

She said I never kissed a stranger

I said I never kissed an angel

I got this feeling that I wanna share

You're the only one that can take me there

Once a caterpillar, now a butterfly

I've seen her fly fly fly fly

With them wings she's so fine

I've seen her fly fly fly fly

Everywhere we goes people stop and look

They love the girl, man she looking so fly

When the broken wings got clipped she learns to fly
again

She's so fly

She's so fly

She's so fly

She's so fly

She will only stay if you let her fly away

She's so fly

She's so fly

When she catwalks just drive

Brazilian babies, she has more colors than the beeka

She's so hot, baby the hell follows

Cuz they do it too tight, Marilyn Monroe

Seein Tenna, black magic woman

Ancient Cuban, European, middle eastern

All American but then in on the fantasy
Even girls are like dreams to me

She's so fly
She's so fly
She's so fly
She's so fly
When the broken wings got clipped she learns to fly
again
She's so fly
She's so fly
She will only stay if you let her fly away
She's so fly
She's so fly
She's so fly
