It's not quite a mystery.  
I'm the one who's insecure,  
You're the one that makes believe,  
That we're all okay, we're doing fine,  
When we're both fighting just to stay,  
To stay alive,  
A fragile state of mind,  
That I can't quite survive.

Without a doubt, I need your help.  
I know you've heard me ask before,  
But come on girl, I need to tell you now,  
I know what I've done wrong.

The only way out of here is the way I've avoided for all  
my life.  
There's so many things I wanna say,  
But there's too many things still in the way.  
I'm lost, please help me find my place.  
You're the only one, please lead me out of the dark.  
Please lead me out of the dark.  
Please lead me out of the dark.

I'm moving on, I'll promise change,  
If you will let me in again, I swear today,  
I'll be a better man.  
I'll be who I was then.

It's been a long two years,  
I can't change the past,  
I've shed so many tears,  
Can't believe I've lasted this long.  
I see now that I'm wrong.

The only way out of here is the way I've avoided for all  
my life.  
There's so many things I wanna say,  
But there's too many things still in the way.  
I'm lost, please help me find my place.  
You're the only one, please lead me out of the dark.  
Please lead me out of the dark,
