She moves so slowly
Her movement pulls me
Take a breath as we settle in
It's like she's floating
And then she leads me
Take a chance and fall right in

Flip the switch
We glow sometimes
Make a wish to slow down time
Cause we don't want to end the night
Cause it feels so right

Let's keep this night alive
Long as the music won't stop
When you feel that beat drop
Just move your body right
Oh oh
And everybody's singing go

We dance so closely
You barely know me
Close your eyes and don't ask why
Can't help this feeling
It's like I'm dreaming
Lose control of your heart and mind

Yeah, we don't care
Don't stop, don't think
"Let's go somewhere"
Our lips in sync
Cause we just want to save the night
Cause it feels so right

Let's keep this night alive
Long as the music won't stop
When you feel that beat drop
Just move your body right
Oh oh
And everybody's singing go

Let's keep this night alive

Let's keep it alive
Don't let the music stop

Let's keep this night alive
Long as the music won't stop
When you feel that beat drop
Just move your body right
Oh oh
And everybody's singing go
