There's a feeling
They call it a rush
And if you're feeling it
Feel on
And if the streetlights
Don't wake you up
Then you're dreaming
Dream on
I want your touch
One kiss is not enough
I hear you say
Just don't give up

I just wanna make it through 'til the sunrise
I just wanna stay with you all night
Nothing more than a feeling, but it feels right
I just wanna make your heart race all night
I just wanna make your heart race all night

It's been a long time
And I didn't think
We'd ever get a second chance
But it's the right time
The right night
The right light
For one more dance
And I know you want my touch
One spark left in us
You hear me say
Just don't give up

I just wanna make it through 'til the sunrise
I just wanna stay with you all night
Nothing more than a feeling, but it feels right
I just wanna make your heart race all night
I just wanna make your heart race all night

Until the morning comes
We'll never let go
I just wanna stay with you
We'll never let go

I just wanna make your heart race all night

I just wanna make it through 'til the sunrise

I just wanna stay with you all night

Nothing more than a feeling, but it feels right

I just wanna make your heart race all night

I just wanna make your heart race all night
