And everyday I wonder where I am gonna go  
Get high as I could ever get and watch me fall

Every night I dream if heaven is a lie  
and wonder where the truth will be before I die

Am I stil alive?  
It's hard to say  
There's no emotion  
Without liberty

Time, time to live again  
Time to live  
And I'm not afraid to

Die  
It's a new begining  
Oh it's time to live again

For every night I wish I wasn't so alone  
There is another I regret who I brought home

Everyday I'm looking for a peace of mind  
It's always easy to believe but hard to find

But we got time  
Time to pay  
With our emotions  
For our liberty

Time, time to live again  
Time to live  
And I'm not afraid to

Die  
It's only a new begining  
Oh it's time to live again

What I got here  
What is inside me  
And I have nothing to hide  
And why should I care?

At least I fought it  
I'm not afraid to try
