Everything Suffering, Everything is suffering

I am a temple, I am desecration.
I am a temple conceived through destruction.
I am the wretch among your pure.
I am the symptom for which there's no cure.
I am the blessed and I am the sick.
I am the blessed son of a bitch.

Everything Suffering Suffering, Everything is suffering

I am an image I'm burned in flame.
I am a bastard, a breed of shame.
I am the broken among your hope.
I am the lost among your soul.
I am the blessed and I am the sick.
I am the blessed son of a bitch.

Everything Suffering Suffering, Everything is suffering

I am a temple.
I am the temple.
