All around, around the world

There's a place I know with a spirit of love
Everywhere I go there's a feeling of hope
There's a land of love where we can all live
All around, around the world

If you could see what I've seen
Then you'd believe it's true
A place where there's no sorrow
And lives are made brand new

There's a place I know with a spirit of love
Everywhere I go there's a feeling of hope
There's a land of love where we can all live
All around, around the world

We enter by Your grace
Into Your holy place
Doesn't matter where we go
You show how real You are

And I see You all around
And I need You in my life
And You hold me in Your arms
I believe in You, in You

All around, around the world
There's a place I know with a spirit of love
Everywhere I go there's a feeling of hope
There's a land of love where we can all live
All around, around, around the world

There's a place I know with a spirit of love
Everywhere I go there's a feeling of hope
There's a land of love where we can all live
All around, around the world

And when my days are over
When all is said and done
I stand before my Maker
Jesus Christ the Holy One

And I see You all around
And I need You in my life
And You hold me in Your arms
I believe in You

There's a place I know with a spirit of love
Everywhere I go there's a feeling of hope
There's a land of love where we can all live
All around, around the world

There's a place I know with a spirit of love
Everywhere I go there's a feeling of hope
There's a land of love where we can all live

All around, around the world
All around, around the world
All around, around the world

There's a place I know, spirit of love
All around, all around
There's a place I know, spirit of love
All around, all around
There's a place I know, spirit of love
All around, all around

There's a place I know, spirit of love
All around, all around
There's a place I know, spirit of love
All around, all around
