So now
What's it gonna be?
Either you or me
One's got to decide
I can take the consequences
The future's changing
I feel my stomach turn

I'm sorry, I really am
Do you want me to be happy?
(what do u want)
I'm sorry, I really am
(I just wish you could see this my way)
Do you want me to be happy?

All my life
I've been told that
I've got something special
(Don't give up)
On what you really want

I want to take these words
and make this work [x3]
All my life
I've been told that
I've got something special
(Don't give up)
On what you really want

Are you with me?
Say you're with me
Are you with me?
Please say you're with me

All my life
I've been told that
I've got something special
(Don't give up)
On what you really want
