My eyes collide with storm clouds above
But through a break in the grey
A light is raining down

It burns the sky
illuminates
a heart that pulls and fights and aches
to be on fire

I'm breathing
and I'm seeing
this moment come alive
I'm falling
and I'm crashing
into your love and I find
It's a beautiful life
It's a beautiful life

In every breath, every step
You're not invisible
It's obvious that I'm held
by the hands that shaped the world

There's more to this
Than what I see
more than walls in front of me
and I'm on fire
I'm on fire

I'm breathing
and I'm seeing
this moment come alive
I'm falling
and I'm crashing
into your love and I find
It's a beautiful life
It's a beautiful life

When all of the darkness falls away
I'll be standing
I know the noise will die someday
I'll be standing

When all the madness fades away
I'll be standing
I know the noise will die someday
I'll be standing

I'm breathing
I'm alive

I'm breathing
and I'm seeing
this moment come alive
I'm falling
and I'm crashing
into your love and I find
It's a beautiful life
It's a beautiful life
