"For Us"

When the waves come crashing down
When the walls of doubt surround you
When you can't see past your pain
When you wonder if you'll make it through
Just remember

If God is for us, who can be against us
Woah oh oh
The grave is empty, death will never hold us
Woah oh oh
Redemption has appeared, the king of love is here
Fear no more, our God is for us

When the world has done you wrong
And it seems like hope has gone away
When your prayers just don't seem heard
And you can't seem to find the words to say
Just remember

If God is for us, who can be against us
Woah oh oh
The grave is empty, death will never hold us
Woah oh oh
Redemption has appeared, the king of love is here
Fear no more, our God is for us

Lift your eyes, see the hope of life is shining, shining
Can you hear, oh, our savior's here and calling, calling
Just let go, reach out and hold to his promise, promise
So let your fears up and disappear 'cause he's
For us, for us, for us...

If God is for us, who can be against us
Woah oh oh
The grave is empty, death will never hold us
Woah oh oh
Redemption has appeared, the king of love is here
Fear no more, our God is for us
