Another day my heart's like a heavy stone
Another night and the wind keeps blowing cold
I cry tears, I get mad
It doesn't change where I am
If you're with me
Would you let me know

When the sky falls
When the doubts rise
And all I feel is the pain that's inside
Woh oh oh oh oh
Help me trust you when it hurts
When I lose hope
And when I can't stand
When everything goes against all of my plans
Woh oh oh oh oh
Help me trust you when it hurts

I can turn my back, but I know the truth
That there's no other hope for me but you
Give peace, give grace
Reach out, giving me more faith
That you're with me
Whatever I go through

When the sky falls
When the doubts rise
And all I feel is the pain that's inside
Woh oh oh oh oh
Help me trust you when it hurts
When I lose hope
And when I can't stand
When everything goes against all of my plans
Woh oh oh oh oh
Help me trust you when it hurts

It's easy to trust what I feel
It's easy to only see with my eyes
And miss how you're using the hardest things for good
All the time

Woh oh oh oh oh

I don't understand
Woh oh oh oh oh
How I'm still in your hands

When the sky falls
When the doubts rise
And all I feel is the pain that's inside
Woh oh oh oh oh
Help me trust you when it hurts
When I lose hope
And when I can't stand
When everything goes against all of my plans
Woh oh oh oh oh
Help me trust you when it hurts
