Waking up on the floor
I look around and no one's awake
I can't do this anymore
The girls, the parties, it's all the same
I used it to run away
From the hurricanes in my mind
But it's finally time
Open the curtains, let in some light

All this time running away
Using these worthless things
To run, to hide
To never realize
What in life is truly important
To make it through
Wake up wake up
It's time to fix this life

(This life) is wearing on me
Being hungover's getting so old
Getting drunk just to see
Some idiot streaking out in the cold
The stories always the same
Guys hit on girls and girls drink too much
It's all a part of the game
Gotta get out, get out, 'cause I've had enough

All this time running away
Using these worthless things
To run, to hide
To never realize
What in life is truly important
To make it through
Wake up wake up
It's time to change

(Say that)
So say what you will
(This is)
This life will kill
(My life)
My hopes, my dreams

(So I)
Were so lost, it seems
(Say that)
Say what you will
(This wont)
This life will kill
(Be my dream)
My hopes, my dreams
Can I save me

All this time running away
Using these worthless things
To run, to hide
To never realize
What in life is truly important
To make it through
Wake up wake up
It's Time to fix this life
