The more I move,
The worse it gets;
The more I move,
The more I sweat.

It's getting harder
To face the light.
It's getting harder
To fight the fight.

So many big ideas,
So many big mistakes.
I should shake my fear -
Erase my face.

[chorus:]
All I see -
Soft shoulders rising.
All I see -
Soft shoulders fall.

It's getting harder
To seem that easy.
It's getting harder
To feel that free.

[chorus]

It's getting harder
To face the light.
It's getting harder
To fight the fight.

[chorus x2]
