So go and get your girls if you wanna have fun

(CyHi The Prynce)

I got backstage passes for girls with the asses

Fuck being local I make music for the masses

Pull up to the club and we holding up the traffic

Just made a couple racks I'm finna throw it up at Magic

DJ I can't hear myself, can you turn me up a tad

Yeah I'm in here with my niggas pack a killa and a bad

bitch

White girls love me like I'm Brad Pitt

So tell Angelina come and jump on top of Brad dick

And you can bring your homegirls we be in our own

world

We got our own section we got weed and Patron girl

We been makin' movies this is just the sequel

We bout to do the prequel we might turn this club to

Regal

We ball so hard in Paris this shit should be illegal

Like a needle I get under niggas skin like mosquitos

We the G.O.O.D. music clique better known as the

Beatles

And since I like you I guess I'll introduce you to my

people

(Chorus)

There my brother Kanye then my cousin Big Sean

This my nigga Pusha T, Kid Cudi at the buns

Chillin with my homie Common can't forget my nigga

John

So go and get your girls if you wanna have fun

Come kick the entourage (X4)

Yeah, I'm with C.K.B. and T.I.G.

And these gon' be my niggas til I D.I.E.

I'm in the club lookin' for a B.Y.T.

And if she ain't tryin' to cut I'll tell em B.Y.E.

All my niggas is hustlas, all my niggas is paid

I don't fuck wit no bustas, while I'm twistin' this sage
All my money is green, all my bitches is beige
And shawty don't get mad at us if you see a chick on
this stage
Call me Nicholas Cage, I'll steal your girl in 60 seconds
Have her up here in my section, poppin' pussy getting
naked
Ivy league niggas so please don't disrespect me
Cuz I still know some killas that'll leave you
disconnected
Got some patnas that's in college, so we getting
knowledge
Rich as hell getting that white cheese we call it cottage
Got some friends from the 'Burb got some homies
from the projects
So pretty ladies let me introduce you to my posse
(Chorus)
There my brother Kanye then my cousin Big Sean
This my nigga Pusha T, Kid Cudi at the buns
Chillin with my homie Common can't forget my nigga
John
So go and get your girls if you wanna have fun
Come kick the entourage (X4)
(Hit Boy's Verse)
Comin' live from the side where niggas rob to survive
Got bitches hoppin' out like hi it's a surprise
Then they dip out in the AM like 25 after 5
That's the life of my whole team we just happy to be
alive
I be in London and Paris hitting bitches you cherish
You callin' her up she missin' like Ferris
And really I feel you niggas embarrassed
If you wanted her then I got Valenciaga make em go
gaga
I got hits like I'm a Dodger, I just hit then duck and
dodge her
I'm with Kanye, with Sean, pimpin' right after this show
I be with Common and John, simply clockin' the dough
I be with CyHI, and Pusha-T, all the hoes wanna look at
me
Getting paper like the books you read, bitch ass niggas
can't fuck with me
And let's not even mention bitch, you ain't talking
money don't mention me
If you wanna hit you better have my fee, and that's 100
hundred like a century
I'm living life for the days they'd try to play me
Now my pockets fat and good getting OB's on the daily
(Chorus)
There my brother Kanye then my cousin Big Sean
This my nigga Pusha T, Kid Cudi at the buns

Chillin with my homie Common can't forget my nigga
John
So go and get your girls if you wanna have fun
Come kick the entourage (X4)
