(Hook)

We at the kick back (x3)

Bring a six pack

We at the kick back (x2)

I got some kush, we got some purp

Who tryin' to mix that

(Verse)

My nigga bring some refull and some bruise

Shawty I just called Tamika and her crew

She gon' tell Ranisha, Angelica gon' tell Keisha

But don't tell that bitch Molly aw fuck it tell her too

I got some white chicks flying in from LA shoot

If you girl come and tell that bitch she better not tell her
dude

She like, Prynce that's hella rude! ok tell her cool

We just need a couple hoes to help prepare the food

Hold on baby, warrup fool! y'all coming too

Ok nigga bring a bottle

And them pretty bitches on your team who love to
swallow

You high as hell, we high as heaven

Fly to death, 9/11

Porsche Carrera, 97

With the stash by you can't find the weapon

Real talk I hate the club

Plus I don't feel like binding section

But soon as I hang on with these broads I'ma say

y'all directions

I told will to bring, so these niggas only bought a seven

Hold on, let me call you bang then my partner dead
