[Verse 1: Dae Bryson]

Imma do it Like im the last motherfucker in this game  
Aint gon rap bout a bitch I rap bout a change  
heres a toast to them haters who will bring the fame  
they see me ballin they goin insane  
But ill keep doin my thing spreading my wings  
flying high up in the sky  
living like im the king  
Now Kid you know  
its how it its  
Its called it the fast life  
you know no sweat no strings just DREAMS  
You wont ever get to fuck wit my team  
we livin in a city where things are never what they seem  
but one ting is clear  
when them ladies hear my voice there pussies melting  
like its Ice cream  
real talk  
I wont stop  
they know my flow is accurate like a clock yeah  
Sometimes its good to cut the loss  
When you exhale all your demons you be living like a  
boss

[Hook: Joel Faviere]

Exhale,  
Honesty.  
I keep a lot of things.  
Locked up inside of me.  
This dreams,  
hauntin' me.  
I just want to sleep.

[Verse 2: Mckinley Dixon]

No disrespect to the king at the time,  
But my brains Kurt Cobane,  
Blow yours out, Tryna read my mind,  
Devil on my shoulder following me,  
Everywhere I go,

Like Kid Cudi when he was in the Day and Night video,  
I wouldn't change it for the world Ha,  
I wouldn't change it for the world  
But I've been absent from the game,  
Just like my name was Earl,  
So I'm gonna tell you a story about a little girl,  
Listen:  
The bright lights had her sold,  
But remember:  
Everything that shines ain't always gonna be gold  
And just cause that Cali heat  
Doesn't mean HollyHood ain't cold  
Wanted to be an actress and do anything for that role  
Until she fell  
Well  
Devil bought her soul  
For half price  
On sale  
Demons in her shadow  
Tell her they mean well  
She just ignores them  
Puts that cigarette to her lips and just Exhales

[Outtro: Joel Faviere & Dae Bryson]

I keep a lot of things.  
Locked up inside of me

(FLK we are the fast life kids everything we do is  
to follow our dreams)

x5
