At the time - couldn't have known it
When we lifted off into this star-lit sea
I'd be
Waiting quite alone up here
In this empty gallery

Earth control, easily wasted
And it takes a lot to breathe the atmosphere
Up here...
Sitting out my life in space
In this lonely solar sea

CHORUS

And I've been lost and found so many times before
And tea and sympathy are not for me
Vanity's
Telling me, "You've made it, honey!"
And the price you pay for company has gone sky-high
But up here, I got Everything Money Can Buy
My dear, I got Everything Money Can Buy

Lost again... wouldn't you know it
And I could've been found like Cinderella's shoe
By you...
Such a prized discovery
In this glitter galaxy

CHORUS

And I've been lost and found so many times before
And tea and sympathy are not for me
Vanity's
Telling me, "You've made it, honey!"
And the price you pay for company has gone sky-high
But--up here, I got Everything Money Can Buy
My dear, I got Everything money Can Buy
Ahh, you know... I got Everything Money Can Buy

Everything
Everything
Everything
Money Can Buy
