Shoulda known by the things U do, I

Shoulda known 'cause u gave me clues

How u always want me by your side

But,

I'm only there 2 keep U satisfied

Shoulda known your the one who plays

Shoulda known I was just a phase

Always had a question in my mind

Got an answer that I can't deny

(Hook) I don't want to believe it

Tried not to see it,

You don't want my love

Took me awhile just to face it

Can't erase it

You don't want my love

Shoulda known U had a different side, I

Shoulda known like to split your time

Tellin' me u wanna settle down, ah

But its different with your friends around

I didn't listen but its in my ear

I didn't look but its crystal clear

Always had a question in my Â mind, I

Got an answer that I can't Â deny

(Hook 2x)

I don't want to believe it

Tried not to see it,

You don't want my love

Took me awhile just to face it

Can't erase it
You don't want my love

I didn't listen but its in my ear

I didn't look but its crystal clear

(Hook out)
