A cold place fading into darkness  
Descending into madness  
What will be left when I am gone  
A time when hope once there  
Has gone, never to return  
People cry out for a saviour  
They are still to learn

That when the world descends into darkness  
I'll bring the light

This path is one I must walk alone  
I have promised myself I'd break free of your hold  
And of the chains that keep me here  
I'm not a prisoner of this world  
I've become what I have to be  
The dark is bringing back the light in me  
Bringer of light

I stand here reflecting on my past  
High above the ground  
And in my thoughts I know  
My destiny is this  
Tell me what do you believe in?  
A saviour, Another hero  
That's not what I am  
I'm just a man

But when the world descends into darkness  
I'll bring the light

This path is one I must walk alone  
I have promised myself I'd break free of your hold  
And of the chains that keep me here  
I'm not a prisoner of this world  
I've become what I have to be  
The dark is bringing back the light i me  
Bringer of light

Tell me, is this what I have to be  
Is this my destiny  
Am I condemned to the night

To be a bringer of light  
Oh how I wish to move on  
But my love for you keeps me here  
But it's not meant to be  
While the bringer of light's in me

The bringer of light's in me

This path is one I must walk alone  
I have promised myself I'd break free of your hold  
And of the chains that keep me here  
I'm not a prisoner of this world  
I've become what I have to be  
The dark is bringing back the light in me  
Bringer of light  
This path is one I must walk alone  
I have promised myself I'd break free of your hold  
And of the chains that keep me here  
I'm not a prisoner of this world  
I've become what I have to be  
The dark is bringing back the light in me  
Bringer of light

Bringer of light
