Baby set me free from this misery  
I can't take it no more  
Since you went away nothing's been the same  
Don't know what I'm living for  
Here I am so alone  
And there's nothing in this world I can do

Chorus

Until you're back here baby  
Miss you want you need you so  
Until you're back here baby yeah  
There's a feeling inside I want you to know  
You are the one and I can't let you go

So I told you lies even made you cry  
Baby I was so wrong  
Girl I promise you now my love is true  
This is where my heart belongs  
Cos here I am so alone  
And there's nothing in this world I can do

Chorus

And I wonder, are you thinking of me  
Cos I'm thinking of you  
And I wonder  
Are you ever coming back in my life?  
Cos here I am so alone  
And there's nothing in this world I can do

Chorus to fade
