Everybody's got something they had to leave behind
One regret from yesterday that just seems to grow with
time
There's no use looking back or wondering
How it could be now or might have been
Oh this I know but still I can't find ways to let you know

I've never had a dream come true
Till the day that I found you
Even though I pretend that I've moved on
You'll always be my baby
I never found the words to say
You're the one I think about each day
And I know no matter where life takes me to
A part of me will always be with you

Somewhere in my memory
I've lost all sense of time
And so my road can never be cos yesterday is all that
fills my mind
There's no use looking back or wondering
How it could be now or might have been
Oh this I know but still I can't find ways to let you go

I've never had a dream come true
Till the day that I found you
Even though I pretend that I've moved on
You'll always be my baby
I never found the words to say
You're the one I think about each day
And I know no matter where life takes me to
A part of me will always be

You'll always be the dream that fills my head
Yes you will, say you will, you know you will
Oh baby, you'll always be the one I know I'll never
forget
There's no use looking back or wondering
Because love is a strange and funny thing
No matter how I try and try I just can't say goodbye
No no no no

I've never had a dream come true
Till the day that I found you
Even though I pretend that I've moved on
You'll always be my baby
I never found the words to say (words to say)
You're the one I think about each day
And I know no matter where life takes me to
A part of me will always be
A part of me will always be with you
