

Now That's What I Call Music! **"Never There"**

I need your arms around me
I need to feel your touch
I need your understanding
I need your love so much
You tell me that you love me so
You tell me that you care
But when I need you (baby)
Baby, you're never there
On the phone
long, long distance
always through such strong resistance
First you say you're too busy
I wonder if you even miss me
Never there
You're never there
You're never ever ever ever there
A golden bird that flies away
A candle's fickle flame
To think I held you yesterday
Your love was just a game
(x2)
You tell me that you love me so
You tell me that you care
But when I need you (baby)
Baby
Take the time to get to know me
If you want me why can't you just show me
We're always on this roller coaster
If you want me why can't you get closer
Never there
You're never there
You're never ever ever ever there
(x2)
