1....1..2
i came into this world as a reject
look into these eyes
then you'll see the size of the flames
dwellin on the past
its burnin up my brain
everyone that burns has to learn from the pain
hey, i think about the day
my girlie ran away with my pay
my fellas came to play
now shes stuck with my homies that she fucked
and i'm just a sucker with a lump in my throat
hey, like a chump, hey--7x
should i be feelin bad (no)
should i be fellin good (no)
its kinda sad
i'm the laughing stock of the neighborhood
and you would think that i would be movin on
but i'm a sucka like i said
fucked up in the head, not
and maybe she just made a mistake
and i should give her a break
my heart'll ache, either way
hey, what the hell you want me to say
i won't lie
that i can't deny
{chorus}
i did it all for the nookie, come on
the nookie, come on
so you can take the cookie and stick it up your(yea)-3x
i did it all for the nookie, come on
the nookie, come on
so you can take the cookie and stick it up your (yea)-3x
why did it take so long
why did i wait so long, huh
to figure it out
but i did it
and i'm the only one
underneath the sun who didn't get it
i can't believe that could be decieved
(but you were)by my so called girl, but in reality

had a hidden agenda
she put my tender heart in a blender
and still i surrendered
hey,like a chump, hey--7x
{chorus}
i did it all for the nookie, come on
the nookie, come on
so you can take the cookie and stick it up your(yea)-3x
i did it all for the nookie, come on
the nookie, come on
so you can take the cookie and stick it up your (yea)-3x
i'm only human
so for your friends give you their advice
they'll tell you, to just let it go
its easier said than done
i appreciate it, i do, but
just leave me alone, leave me alone
just leave me alone
nothings gunna change
you can go away
i'm just gunna stay here and always be the same
ain't nothing gunna change
'cause you can go away
and i'm just gunna stay here and always be the same
{chorus}
i did it all for the nookie, come on
the nookie, come on
so you can take the cookie and stick it up your(yea)-3x
i did it all for the nookie, come on
the nookie, come on
so you can take the cookie and stick it up your (yea)-3x
