It's the reason for my pain,  
in a season to celebrate.  
I don't wanna be full of hate.  
for anybody, but it's too late-  
Everyone has been in my face;  
telling me that I'm a disgrace;  
showing me things that I must face;  
telling me that they need their space.

I can't love you anymore.  
I'm scared of the sound of it.

It's the reason why I'm down.  
I'm beaten, been pushed around.  
Hit the ceiling without a sound.  
Everyone I know considers me a clown-

I can't love you anymore.  
I'm scared of the sound of it,  
and woman, I just don't want anymore.

I can't love you anymore. yeah-yeah, no no no  
I'm scared of the sound of it,  
and woman, I just don't want anymore.

It's the reason why I'm here.  
It's the reason why I'm here.  
It's the reason why I'm here.  
It's the reason.
