Say you'll be there
I'm giving you everything all that joy
can bring this I swear.

Last time that we had this conversation, I
decided we should be friends, hey.
But now we're going round in circles,
tell me will this deja vu never end?
Now you tell me that you're fallen in love,
well I never ever thought that would be, and,
This time you gotta take it easy throwing far
too much emotions at me
But any fool can see they're falling,
I gotta make you understand.

I'm giving you everything all that joy can bring this I
swear (i'll give you everything)
And all that I want from you is a promise you'll be there
Say you will be there
Say you will be there.
Won't you sing it with me.

If you put two and two together you
will see what our friendship is for, oh
If you can't work this equation then
I guess I'll have to show you the door
There is no need to say you love me,
it would be better left unsaid.

I'm, giving you everything,
all that joy can bring, this I swear (yes, i swear)
And all that I want from you
is a promise you'll be there
Yeah I want you.

(harmonica)

Any fool can see they're falling,
I gotta make you understand.

I'll give you everything on this I swear,

just promise you'll always be there.

I'm giving you everything (im giving you everything)
all that joy can bring (all the joy can bring), this I swear
(yes, i swear)
And all that I want from you (all that i want from you)
is a promise you will be there. (always be there)
x2
