Phone rings girl picks up

Girl: "Hello?"

AJ: (lot's of people talking in background) "Hi it's me

what's up baby? I'm

sorry listen I'm gonna be late tonight so don't stay up

and wait for me ok?"

Girl: "Where are you?"

AJ: (people get louder): "Wait wait say that again?"

Girl: "Hello?"

AJ: "You're coming in and out I think my battery must be low. Listen if you

can hear me we're going to a place nearby, alright?

Gotta go" (click)

Let me tell you the story about the call that changed my destiny

Me and my boys went out, just to end up in misery

I was about to go home and there she was standing in front of me

I Said hi, I got a little place nearby

wanna go, I should have said no

Someone's waiting for me

But I'm gonna go up and see

Listen Baby I'm sorry

Just wanna tell you don't worry

I will be late don't stay up and wait for me

I'll say again you're dropping out my battery it's low

So you know we're going to a place nearby

gotta go

Now till it's done nothing's been won

I can't take it back what's done is done

One of her friends found out

That she wasn't the only one

And it eats me from inside, that she's not by my side

Just because I made that call and lied

Listen Baby I'm sorry

Just wanna tell you don't worry  
I will be late don't stay up and wait for me  
I'll say again you're dropping out my battery it's low
