The way that she's moving
So slow and so sexy
Her sensuous body, it's pure seduction
When she walks in the room
Every eye is on her
Can't believe what they're seeing cos it's perfection

Crashing down, Crashing down
All the walls are gonna come crashing down
Once you're under her spell she'll turn you inside out
Crashing down, Crashing down
All the walls are gonna come crashing down
Your cover is blown

She's a love sex goddess
She will pull you in
She'll get under your skin
Get under your skin
She'll make the boys go crazy
Make it feel like a sin
She'll get under your skin
Get under your skin
oo oh oh

A fatal attraction
Magnetic distraction
Your heart is in need of resuscitation
Her force is too strong
You can't carry on
It's hard to break free from this addiction

Crashing down, Crashing down
All the walls are gonna come crashing down
Once you're under her spell she'll turn you inside out
Crashing down, Crashing down
All the walls are gonna come crashing down
Your cover is blown

She's a love sex goddess
She will pull you in
She'll get under your skin
Get under your skin

She'll make the boys go crazy
Make it feel like a sin
She'll get under your skin
Get under your skin

She's a love sex goddess
She will pull you in
She'll get under your skin
Get under your skin
She'll make the boys go crazy
Make it feel like a sin
She'll get under your skin
Get under your skin
oo oh oh

She will pull you in
And get under your skin

She will pull you in
And get under your skin

She will pull you in
And get under your skin

She's a love sex goddess
She will pull you in
She'll get under your skin
Get under your skin
She'll make the boys go crazy
Make it feel like a sin
She'll get under your skin
Get under your skin
She's a love sex goddess
She will pull you in
She'll get under your skin
Get under your skin
She'll make the boys go crazy
Make it feel like a sin
She'll get under your skin
Get under your skin
oo oh oh

A fatal attraction
Magnetic distraction
Your heart is in need of resuscitation
Her force is too strong
You can't carry on
It's hard to break free from this addiction
