Just had a whim, to go take a swim
Out on a limb just haul off jump right in
But that's not so smart and so, I'll hold on to the rim
Ahh, and then I will live to swim again

It's really neat, to go cross the street
Don't skip a beat just fly on my swifty feet
But I'll stop before I go, the light will tell me when
Ahh, and then I will live to cross again

Slow down, buckle up, take the time, and rehearse
Always Safety First

I'm feeling free, I'll go climb a tree
Oh monkey me, I'm just like a chimpanzee
But it's way too high and so, this time I'll just pretend
Ahh, and then I will live to climb again

Ahh, ahh, ahh just remember
Always Safety First...
