Take a look at me  
Tell me what you see  
There's a broken heart  
There's a shattered dream  
And it's all over my face  
Cuz I'm all alone  
On this empty road  
I've been abandoned by the only love I've known

We were more than golden  
More than perfect  
Now the price went down  
We're worthless  
I know you're never coming back  
Never coming back... To me...

Where did you go?  
Life just ain't the same without you  
I'm still reaching for your love  
Cuz I just can't go on without it  
I wanna breathe you  
Wanna feel you  
Tomorrow's just too long for me to wait  
I need you back today

Haunted by the memories  
Your voice echoes in my sleep  
I'm just falling down  
Yeah I'm drowning now  
Cuz you just walked away  
Somewhere in the atmosphere  
Forever's disappeared  
And there's no way that we're gonna get it back

We were more than golden  
More than perfect  
Now the price went down  
We're worthless  
I know you're never coming back  
Never coming back... To me...

Where did you go?  
Life just ain't the same without you  
I'm still reaching for your love  
Cuz I just can't go on without it  
I wanna breathe you  
Wanna feel you  
Tomorrow's just too long for me to wait  
I need you back today
