How can you move when they're weighing you down
What can you do when you're tied to the ground, yeah
You carry your burdens, heavy like gravity
Just let them go now, there's freedom in release

You can't run when you're holding suitcases
It's a new day throw away your mistakes and open up
your heart
Lay down your guard, you don't have to be afraid

Just breathe, your load can be lifted
There's a better way when you know you're forgiven
Open up your heart, lay down your guard
You don't have to be afraid

Can you imagine what it's like to be free
Well, send those bags packing, they're not what you
need
Abandon your troubles on the side of the street
Just let them go now, believe me

You can't run when you're holding suitcases
It's a new day throw away your mistakes and open up
your heart
Lay down your guard, you don't have to be afraid

Just breathe, your load can be lifted
There's a better way when you know you're forgiven
Open up your heart, lay down your guard
You don't have to be afraid

There's nothing hold you back now, just run

You can't run when you're holding suitcases
It's a new day throw away your mistakes and open up
your heart
Lay down your guard, you don't have to be afraid

Just breathe, your load can be lifted
There's a better way when you know you're forgiven
Open up your heart, lay down your guard
You don't have to be

You don't have to be afraid
