Woke up way to late this morning
To silent monsters if old
Your waking nightmare
Burns my retina
Waiting for freedom from my soul

And now I'm leaving here I'm never coming home
Never coming home
To get away from here I'm never coming home

Never coming home

One more
Promise made from silent screams to
Never
Again to live this waking
Dream for
The fallen that help set us free
Face down
Pure defiance makes us breathe

The blue sky is what we're dreaming of...
Having never known it at all
Where footprints show your travelled road
From mine there will be none

And now I'm leaving here I'm never coming home
Never coming home
To get away from here I'm never coming home

Never coming home

And now I'm leaving here I'm never coming home
Never coming home
To get away from here I'm never coming home

Never coming home

Never Coming Home
I'm Never Coming Home

Never Coming Home

I'm Never Coming Home

Never Coming Home

I'm Never Coming Home
