Way, way down in the darkest secrets
that you and me aren't told
There lives a man who won't believe us
When we show him love
But someday soon
they will and they will rise
Cut us down without thinking twice

Cold blooded
cold blooded animal
Cold blooded
cold blooded animal
they're still running
still running from ya
Cold blooded
cold blooded animal

Way, way down in the back of your mind
There lives a conscience
Not every child listens to reason
Some will get away
But someday soon
they will rise
and Cut us down without thinking twice

Cold blooded
cold blooded animal
Cold blooded
cold blooded animal
they're still running
still running from ya
Cold blooded
cold blooded animal

We are writing
but when will they listen to us?
the time we've wasted
We keep running
we just keep running
I find you heartless
you're breaking

you're breaking again
until it's over
you get colder and colder

(estribillo x2)
Cold blooded
cold blooded animal
Cold blooded
cold blooded animal
they're still running
still running from ya
Cold blooded
cold blooded animal

cold blooded animal
cold blooded animal
