Move, then you let the music do the rest  
Don't stop moving until you feel it in your chest  
Brace for impact  
'Cause once the bass attacks  
You gonna shake that ass  
Until your fucking face collapse! (Wooh)

So when you are feeling good, you better put your  
hands up  
Put your hands up  
Put your fucking hands up  
It's time to party man  
And we aint tryna' stop  
Turn your fucking volume up, until the fucking speaker  
pops!

Here we go, don't stop  
Until the fucking speaker pops!

Come on  
Yeah

Yea!

Here yo, P-A-R-T-Y  
Let the music get you high  
Think imma stop  
Not until you reach the S-K-Y  
Keeping it fly

Until we see the morning light  
Something about it feels so right  
The bass is heavy, it feels so tight  
Just focus on that and you'll feel alright

'Cause once it drops we now they smashing  
They getting it down in an orderly fashion  
Kill them dance moves like an Assassin  
Walk in the nest and you know we crashing

Time to get faded, soaked and sweaty  
The Cross that we bringing is dope and heavy

Turning your brain into spaghetti  
It's that time again, I hope you're ready!

Here we go, don't stop  
Till somebody call the cops!

Waah!  
Yeah

Yea!

Datsik, Snak The Ripper  
Tryna have a fucking have a good time tonight  
Hahahaha...
