I was drunk again, caused an accident  
So you're not a friend, no you're nothing  
I think I should be a little more confident in my self, in  
my skin  
Take me, take me, home, home...  
Take me, take me, home, home...  
Cos I don't stand a chance in these four walls  
And he don't recognize me anymore  
Burned out our flame, should never reignite,  
But I thought you might...  
Take me, take me, home, home...  
Take me, take me, home, home...  
Home.  
Now he's moving close, my heart in my throat  
I won't say a word, but I think he knows  
That I've hardly slept since the night he left  
His body always kept mine inside of it  
Keep the nightmares out, give me mouth to mouth  
I can't live without you, take me to your house  
Take me, take me, home, home...  
Take me, take me, home, home...  
Take me, take me, home, home...  
But I thought you might...  
Take me, take me, home, home...  
Take me, take me, home, home...  
Home.
