While I powder my nose,  
He will powder his guns,  
And if I try to get close,  
He is already gone,  
I don't know where he's going,  
I don't know where he's been.  
But he is restless at night,  
He has horrible dreams.

So we lay in the dark,  
Cause we've got nothing to say.  
Just the beating of hearts,  
Like two drums in the grey.  
I don't know what we're doing,  
I don't know what we've done.  
But the fire is coming,  
So I think we should run.

I think we should run, run, run, run..  
Run, run, run, run..  
Run, run, run, run..

While I put on my shoes,  
He will button his coat,  
And we will step outside,  
Checking out the coast is clear  
On both sides,  
We don't wanna be seen.  
Oh, this is suicide..  
But you can't see the ropes.

And I won't tell my mother.  
It's better she don't know  
And he won't tell his folks,  
Cause they're already ghosts.  
So we'll just keep each other,  
As safe as we can.  
Until we reach the border,  
Until we make our plan.

To run, run, run, run..  
To run, run, run, run..  
To run, run, run, run..

Will you stay with me my love?

For another day..  
Cause I don't want to be alone,  
When I'm in this state.  
Will you stay with me my love?  
Till we're old and grey.  
I don't wanna be alone.  
When these bones decay..

Run, run, run, run..  
Oh run, run, run, run..  
Run, run, run, run..  
Ooh and run, run, run, run..  
Run, run, run, run..  
Run, run, run, run..

While I powder my nose,  
He will powder his guns,  
And if I try to get close,  
He is already gone,

Don't know what we're doing,  
Don't know what we've done.  
But the fire is coming,  
So I think we should run.
