Waiting, but I don't mind  
I'm all bus stops and heat  
I'm neon, in your daylight

I'm the optimist of 30th Street  
How it is is how it oughta be

I got anything but moneyed esteem  
Drinks on CondÃ© Nast  
I'm the optimist of 30th Street  
How it is is how it oughta be

I spy on the Up-Upper East  
There's no reason to be upset  
There's no reason to not expect

There's no room for emptiness  
No tea or sympathy  
There's no room for emptiness  
On a never-empty street
