Baby, I'll take it for you, but I don't wanna rush it
There's somethin' that you touched I ain't ready for
'Cause the moment I saw you I knew I wanted to call
you
And ask you, "Baby, please just be my girl"

And every day at school I'm passin' notes to you
I'm doin' things that I never thought I'll do
And I can't tell a lie, I lay awake at night
And wonder if I have a chance, girl

I know you're not ready until you're steady
I know you told me already
But girl, I just want you
And my boys told me, "Forget it"
But my pride won't let it
'Cause girl, I'm feelin' you

I know you're not ready until you're steady
I know you told me already
But girl, I just want you
And my boys told me, "Forget it"
But my pride won't let it
'Cause girl, I'm feelin' you

Baby, I don't mind waitin', baby, anticipatin'
About the day when you say that you will be mine
Pretty soon we'll be datin', everyone will be hatin'
On a love that could stand through the test of time

If you give me a chance, I'll take you by the hand
And tell you all the reasons why I have to be your man
But first I gotta know, girl, do you wanna roll
We don't have to tell a soul, keep it on the low

I know you're not ready until you're steady
I know you told me already
But girl, I just want you
And my boys told me, "Forget it"
But my pride won't let it
'Cause girl, I'm feelin' you

I know you're not ready until you're steady
I know you told me already (Told me)
But girl, I just want you (Just want you)
And my boys told me, "Forget it,"
But my pride won't let it
'Cause girl, I'm feelin' you

Girl, you are my everything, I swear this much is true
You'll never have to be alone 'cause I'll be next to
you, mmm, hmm
I'm givin' you my all {I'm givin' you my all} 'cause
girl, you are the bomb {Ho...oh...}
And I won't stop chasing you 'cause girl, you are the
one {Ho...oh...oh...}

I know you're not ready until you're steady
I know you told me already
But girl, I just want you (I just want you)
And my boys told me, "Forget it"
But my pride won't let it (Won't let it)
'Cause girl, I'm feelin' you (I'm really feelin' you,
baby)

I know you're not ready until you're steady (I know
you told me already)
I know you told me already
But girl, I just want you (I just want you)
And my boys told me, "Forget it"
But my pride won't let it
'Cause girl, I'm feelin' you

I know you're not ready until you're steady (I know
you're not ready)
I know you told me already (Ready to go steady)
But girl, I just want you (I just want you)
And my boys told me, "Forget it"
But my pride won't let it
'Cause girl, I'm feelin' you

I know you're not ready until you're steady
I know you told me already
But girl, I just want you
