First time I saw him, appeared showing off, his Ferrari
over the mall
Skid in my face, what a jerk what a moron, acts big but
(he) thinks so small

Coz when he's on stage it's all over
His hairline rocks, he takes over
But he's a dick, when he's sober.
Hooks up all chicks, he is a heart robber.

His reality is painted in black and white
It's not real it's not right
There are so many colors in this world.
I think this guy is 2 cool 4 school.
But maybe after showing ignorance
You feel best pumping your chest.
Tough guy go find someone else to fool.
I think this guy is 2 cool 4 school.

So one, two, three, don't you look over me; your
confidence means nothing at all
Three, four, five, super swagger has arrived, now the
party is going to die.

Coz when he's on stage it's all over
His hairline rocks, he takes over
But he's a dick, when he's sober.
Hooks up all chicks, he is a heart robber.

Coz when he's on stage it's all over
His hairline rocks, he takes over
But he's a dick, when he's sober.
Hooks up all chicks, he is a heart robber.
