One think I will keep forever
Crazy days, doing whatever
Driving the whole day along
To finally play my favorite song

Too much cash, Too much time inside the van
Hot or cold, near or far don't even care
Live on tour is such a crap
Become our friend and come with us

We enjoy life playing rock
From Barcelona to Bangkok
And that's the way!
Coz every day we wake up knowing that
A thousand shows will bring the fun
And that's OK!

Another thing I'll keep forever
Crazy shows, not ending ever
Not knowing where to sleep tonight
And macaroni every lunch

Lot of fun, lot of friends lots of everything
Play on stage, play alone don't even care
Live on tour is such a crap
Become our friend and come with us!
